

PADFIELD GREEN PLAYGROUND RULES

If you intend to use the playground, please be aware that the playground is not supervised and the equipment is not regularly cleaned. The Parish Council is unable to operate the government guidelines and therefore is only able to offer the following advice to playground users.

No eating or drinking in the playground

Social distancing of 2 metres must be maintained (1 metre with risk mitigation if 2 metres is not possible)

One child per piece of equipment at any one time.

You will need to clean the equipment with sanitiser or wipes before the child uses it and you must clean the child's hands before and after equipment use.

Avoid touching your face. Remember to cough or sneeze into a tissue and take that tissue home with you.

Children's clothes should be washed after visiting the playground.

Families with vulnerable members should avoid using the equipment without cleaning it first.

Please use common sense when visiting the playground and using the equipment and respect other users at all times.
